## Vice-Chancellor for Research and Technology

### Form for Preparing Research Messages of Research Projects

- **Tracking Number (Code) of the Research Project:**
- **Full Title of the Research Project/Thesis:**
- **Principal Researcher:**
- **Principal Researcher's Contact Phone Number:**
- **Principal Researcher's Email Address:**

If the project is a student thesis:

- **Student's Full Name:**
- **Student's Contact Phone Number:**
- **Student's Email Address:**

- **Target Groups:**

- Media and Public       Specialists and Researchers       Research Policy Makers
- Health Policy Makers

- **The content of the project includes:**
  - **General Topics: such as Internal Medicine**
  - **Subtopics: such as Gastroenterology and Hepatology**

- **News Title:**
  - {The research message title should be written in a news format based on the most important finding of the project. For example, if the project is related to the prevalence of hepatitis B infection in prisoners in Kermanshah province, the research message title should be written as follows: X percent of prisoners in Kermanshah province are infected with hepatitis B.
  - The number of characters in the news title should not exceed 135.
  - The number of letters, symbols, and spaces should be counted to determine the total number of characters.}
  
- **Research Message Text:**
  - {The research message is not equivalent to the study summary. The research message summarizes the most important findings of the project in simple language. The main audience for the research message is the general public. Even when the target audience is other than the general public, the research message should be written in simple language with the fewest possible scientific terms.
  - The research message should be written in three sections with a maximum of 300 words:
    - Importance of the findings (50 words)
    - Most important findings (150 words)
    - Recommendations for application of the results (100 words)}
  
- **Project/Article Abstract:**
  
  
- **Keywords:**
- **URL of the scientific article resulting from the project:** if an article has been published.
- **Project Completion Date:** to be completed by the Research Vice-Chancellor.
- Completing all sections of the form is mandatory for evaluation and submission to the results dissemination system.
- The research message and the final report must be in a Word file and editable.
- If an article is presented as the final report, the research message must still be prepared and submitted according to this form.
- Research messages of research projects will be visible in the results dissemination system at <http://news.research.ac.ir/kums> after approval.
- The contact information of the principal investigator and student will remain confidential and will not be visible on the website.
